Studying in the UK

A student at King's School tells us what she likes about her English course.

My name's Carmen Garcia and I'm a student at King's School, which is a language school in Glasgow. I'm Spanish, from Madrid, but my mother is French. She's a teacher in Madrid. The students at King's School are from many different countries. I'm in a class which has students from Japan, Mexico, Germany, and Italy. It's really interesting to meet so many different people. The director of the school is British, but my teacher is American. She's from New York and her name's Helen. She's very nice and she's an excellent teacher. Her classes are always great fun. José and Karl are probably my best friends in the class. José is from Mexico and Karl is from Berlin, in Germany. We always speak English together because that's the best way to learn.

Hi Maria

Do you remember me? My name's Ben Sanders. I'm twenty-nine, and I'm British. I live in a small flat in north London and I work as a secretary for a big computer company in central London. I travel to work on the underground, but I often work at home. I don't smoke, but I drink a lot of coffee!

What else can I tell you about myself? My family live in Brighton, on the south coast of England. I have one brother and one sister. My brother works as a waiter and my sister's a nurse. Their names are Harry and Liz. My parents are both teachers.

I have sport. I play football and basketball a few times a month and I watch all the best matches on TV. My favourite food is Mexican. I'm very lucky because my brother works in a Mexican restaurant, so I eat there when I visit my family. I study Italian in my free time because one day I want to live in Italy.

Please write and tell me about yourself.

How people live

As part of our weekly series, we asked Jane Hancock and Tim Greenwood to tell us about their lives.

Jane Hancock is a hardworking teacher in Sheffield. She gets up at half past six every morning and has breakfast. Then she makes her sandwiches and gets ready for work. Jane usually walks to work because she thinks it's important to take exercise every day. She sometimes walks home again in the evening, but more often gets the bus. Jane has dinner at seven o'clock and goes to bed early. She doesn't go out during the week, but she often goes out with friends at the weekend. Jane makes sure that she eats five portions of fruit and vegetables every day and fish twice a week. She hardly ever eats meat and she doesn't smoke. For more exercise, Jane goes to the gym three times a week. She's very healthy and is hardly ever ill.

Tim lives by the sea in Cardiff. He's a journalist for a local newspaper. He usually gets up at eight o'clock, has a quick shower and then drives to work. Tim doesn't have time for breakfast, but sometimes has a sandwich in the middle of the morning. At lunchtime, he usually has a burger. He buys it from the fast food restaurant across the road and then eats at his desk. Tim works long hours and often stays late in the evening. On those days, he goes to a restaurant with people from work. They usually have quite a lot of wine with their meal and they all smoke. Tim doesn't eat fruit and he doesn't like many vegetables. He plays football once a month, but he isn't very healthy.

British artists living abroad

Article by James Noble

Sally Campbell is a 32-year-old actress from London, but right now she's living in Paris in a flat that overlooks the Seine. Sally's mother is French, which means Sally can speak the language perfectly. Sally is very talented. She likes acting in films, but she can also sing and dance brilliantly and she currently has a leading part in a French musical. She can also play the piano very well. In her spare time, Sally likes to relax at home by watching romantic films. She has no plans to return to Britain.

Tom Hammock is from Glasgow, but he lives in New York. He's 18 and he's a music student. Tom can play the piano and the guitar very well. He also writes songs with his friend John. Tom writes the music and John writes the lyrics. When they're happy with a new song, they usually perform it in students at the college. They love to have an audience and would really like to be in a band. When he's not composing, Tom downloads his favorite music from the Internet.

Hannah Brown is a writer. She's from Manchester, but she lives in Italy. Hannah is 23 and likes writing romance novels. Her ambition, of course, is to be a published writer, so she writes every day for at least four hours. Her favorite time to write is early in the morning, but she sometimes works late at night too. In the afternoons, Hannah works as a waitress in a cafe. She doesn't really enjoy this part of her life, but she needs the money to stay in Italy.

Saturday 18 July

We left home early in the morning, but our flight was delayed and we didn't arrive in Heathrow until late in the afternoon. We were really tired, but we took a bus to our hotel because taxis in London are very expensive. When we got to the hotel, we had a rest and then we went to explore the city. We had a quick sandwich in a small cafe and then headed for Oxford Street. I bought a jacket and some T-shirts. I wanted to buy a bus, as well, but I couldn't find one that I liked. In the evening, we ate in an Indian restaurant and went to a typical English pub in Covent Garden. We met some really nice English people and had so much fun that we didn't get back to the hotel until very late.

Sunday 19 July

We got up late and had breakfast in a cafe. I had a full English breakfast, and then I had some fruit. Anna just had toast. After breakfast, we went for a walk around the city. We saw Nelson's Column in Trafalgar Square, Buckingham Palace, and St Paul's Cathedral. In the afternoon, we had a pizza and then took a bus to the train station. Travelling by bus in London is a great way to see the sights. We caught an evening train to Stratford-upon-Avon and arrived at about nine o'clock. We went to our hotel and had dinner right away. We wanted to get up early the next day and explore Shakespeare's birthplace.

I love my job!

James Shannon is a chef in a London restaurant. He talks about his job.
work at Suzie's, which is one of the most popular restaurants in central London. The best part of working there is being part of a fantastic team of friendly and talented people. I started by washing dishes when I was only 16. I wasn't interested in food and I never cooked at home, but I worked hard, and soon became a waiter. Simon, who was head chef at the time, then began to show me how to cook and I loved it so much I went to college to learn more.

When Simon left Suzie's, I became head chef. At the time all the food was British. The quality was excellent, but I wanted to do something different, so I decided to have an international menu. Now we serve food from all around the world. There are so many fantastic markets and food shops in London that I can usually find any ingredient I need. I use a lot of natural ingredients such as brown rice, organic flour and pasta. Some people think that healthy food is boring, but they're wrong. Well-prepared natural food has so much more flavour than fast food. Our food is healthy and our customers love it. We use the very best meat and the highest quality vegetables.

Suzie's is open Monday to Friday from 5 p.m. to 11 p.m. and from 12 a.m. to 11 p.m. at weekends. On Fridays and Saturdays we play live music from around the world. There's a children's menu on Sundays and that's when we serve traditional British food.

- A a waiter
- B a chef
- C a dish washer ✓

The best places to visit

There's no place on earth like Brazil. It has some of the most beautiful beaches in the world, some of the busiest, most exciting cities, as well as the biggest area of unexplored rainforest on the planet. Most people live near the sea so there is a lot of empty space.

The country is, of course, enormous. In fact, Brazil is the fifth largest country in the world. It covers half of South America and has borders with every South American country except Chile and Ecuador. It has 19 cities and more than 170 million people.

Brazil is a fascinating place to visit. The people are warm and friendly and they generally welcome tourists to their country. Traditionally, Brazilians give presents to their hosts when they visit people, so it's a good idea if you do the same! Typical gifts include flowers, sweets, and champagne.

When we think of Brazil, we think of football, music, dancing, and beaches. The most popular pastimes will not come as a surprise: playing football, listening to music, dancing, walking on the beach, or just talking.

Family life is very important and eating together is always special. The most important meal of the day is at about 1.00 p.m. The evening meal doesn't begin until about 9.00 or 10.00 p.m. And then the parties begin. A party can start at any time and for any reason, and go on until the early hours of the morning. Nobody worries about work the next day.

How do Brazilians stay awake with such a lifestyle? Well, Brazil also produces some of the best coffee in the world!

Example: Brazil is the biggest country in the world.

The frozen extremes of the earth

The Arctic in the north and the Antarctic in the south are at opposite ends of the planet, but they are similar in many ways. Both are lands of ice and snow, where the temperature in winter can be so low that your skin can freeze in seconds – it can be as low as -80°C. Very few animals are able to survive these conditions, but there are some both in the north and in the south. The Arctic has more plants and animals than the Antarctic, including polar bears, the largest bear in the world. In the south there are no land animals because of the extreme cold, but there are penguins and other sea animals that live on or near the coast – although both in the north and the south the sea is frozen for much of the year.

One difference between the Arctic and the Antarctic is the human population. In parts of the Arctic there are towns and villages. Greenland, for example, the largest island in the world, has a population of 55,000 people. Many of these people work in fishing. They have a difficult life. There aren't many roads between towns and villages, so people travel by snowmobile or with dogs. From November to January it's dark for 24 hours a day, but from May to July there are 24 hours of daylight. In the Antarctic there are no normal towns and villages. Only scientists live there all year round, in special buildings called 'stations'. They study the sea animals and learn about the history of the world's climate by studying the weather and the ice. It's a hard place to live, especially in winter, but many of them love it there and return again and again.

Example: The Antarctic is the coldest place in the world.
